

FROM THE PRINCIPAL

Dear Parents and Community Members,

The annual school report card from the Oregon Department of Education presents a detailed description of Talmadge Middle School for the 2015-2016 school year. The report includes information on the make-up of our student population, class size, curriculum, activities, and student academic performance. The achievement results reflected in this report are based on the Common Core State Standards and the Smarter Balanced Assessment (SBAC) which students completed last spring. The length and difficulty of the new SBAC assessment continues to challenge Talmadge students as well as students across the state. And while Talmadge's overall achievement level has much room for improvement, our students performance was in

line with how middle school students performed across the state. Talmadge students are to be commended for the effort and determination they displayed in completing these assessments. Talmadge staff will continue to align and improve our instructional practice to the rigor of the new standards and provide additional support necessary for every student to improve their learning performance.

Thank you for your continued support and commitment to student learning and overall success.

Thank you,

Principal | Perry LaBounty
